EDUCATION

2021-2022
IT-INCUBATOR
Frontend developer (React/Redux/TypeScript)

2010-2015
Belarusian State University
THE FACULTY OF BIOLOGY
(molecular biology)

ABOUT ME

Hello, I am a person who has a strong passion for programming that inspires me everyday. I have experience in creating SPA with React/Redux/ TypeScript in team. Now I improve my skills in this direction and expanding them with new technologies. I spend my leisure time on Codewars or by improving english skills. Open to your suggestions.

WORK EXPERIENCE

FRONT-END DEVELOPER, IT MAE (full-time)
February 2023 – Present

Achievements:

- Set up a working environment.
- Developed and maintained SPA on React from scratch.
- Successfully linked frontend and backend api.
- Designed and designed web pages, including complex forms
- creating and editing a list of experts.
- Created a responsive design for several web pages.
- Translated the project from physical CSS properties to logical ones.
- Managed application performance.
- Brought the project to MVP 1.

FRONT-END DEVELOPER
August 2021 -January 2023

- Took part in creating learning app, developed login page, modal windows, tests, menu and design.
- Use next technologies: React/Redux /ReduxThunk /RestApi / Axios /ReduxForm /Formik /MaterialUI /SCSS, etc.
- Check the correctness of the logic with unit tests and use Storybook for demonstration of individual modules of the application.
- Use TypeScript for better code control.

CHEMIST
July 2015 - June 2022

- Work on high-tech equipment.
- Development of methods for the determination of chemicals.
- Conducting audits, laboratory accreditation.

PROJECT WORK

Web admin panel for Chat Control

Telegram bot with a Web admin panel for ITPM Community Chat will help community members gain new knowledge, improve their skills, create new discussions between members, provide useful information and some entertaining material.
